

Thomas Trask

Major & Career

UNR 2027

As of right now I'm pursuing a degree in finance with a minor in transportation and logistics. My current job is at FedEx in their operations department, so a lot of my job is learning about the business relationship between contractors and FedEx while also learning new excel skills. After graduation I hope that I'm able to stay with FedEx and build a career in the linehaul department or operations again.

Technical Background

I'm comfortable navigating a computer, I mostly use software pieces such as excel and outlook. Excel is an essential part of my job at FedEx because I'm constantly going through spreadsheets breaking down data and then I take that and send it out in an email via outlook.

More About Me

Originally, I was born in Oahu, Hawaii but then moved to Las Vegas when I was 5 years old. I grew up playing baseball and got a scholarship to play at JUCO in Seattle. I played for one year and then transferred to UNR to focus more on my academics. Now, my favorite hobbies include golf, being with friends, and making money.
